

Wednesday 18 March 2015

Greetings!

Today marks the launch of our latest initiative geared towards improving internal communication within the Organization; **Rail Preview**, a news update publication designed to compliment the **Rail News** and **Seporo Magazine**.

The **Rail Preview** publication is dedicated to providing Botswana Railways employees with useful news and information about their Organization in a consolidated format.

In our endeavor to continuously improve communications within our Organization it has come to our attention that so much happens during any given week that it's often difficult to keep up with all the headlines and happenings. **Rail News** is published fortnightly and cannot capture everything often making some news and announcements stale. **Rail Preview** will feature among other things articles, snippets of articles, announcements, notices, upcoming events and pictures. The publication will keep employees up to date with the latest information in relation to our business.

The Corporate Communications Office would welcome comments and suggestions so that we can continue to improve and help disseminate information effectively.

For any updates and suggestions please contact the Corporate Communications Office:
